**INTERLOCAL AGREEMENT
BETWEEN
THE CITY OF UNIVERSITY PLACE AND THE CITY OF TACOMA
FOR FLEET MAINTENANCE SERVICES**

THIS INTERLOCAL AGREEMENT is made and entered into by the CITY OF TACOMA ("TACOMA") and the CITY OF UNIVERSITY PLACE ("UNIVERSITY PLACE").

RECITALS

- A. Chapter 39.34 RCW, the Interlocal Cooperation Act, authorizes agreements between jurisdictions.
- B. UNIVERSITY PLACE desires to obtain cost effective services as set forth herein for the maintenance and repair of UNIVERSITY PLACE's vehicle fleet.
- C. TACOMA has the ability and capacity to provide certain maintenance and repair services, as outlined herein, and is willing to extend such service to UNIVERSITY PLACE on the terms and conditions outlined herein.
- D. The provision of services to UNIVERSITY PLACE by TACOMA as set forth herein will allow an efficient method of reducing maintenance costs for both parties.
- E. A cooperative effort between the parties is essential to ensure that the purposes of this agreement are fulfilled.

NOW, THEREFORE, it is agreed by and between the parties as follows:

I. DEFINITIONS

As used herein, the following terms shall have the following meanings:

- A. "Abuse" shall mean any damage to a vehicle caused by misuse or neglect by the equipment operator or other persons.
- B. "Disposal" or "Surplus" shall mean a process by which vehicles are sold, transferred, or otherwise taken out of service by a party.

C. "Emergency" shall mean any incident, either manmade or natural, where a qualified TACOMA representative is required at the scene because:

1. The safety and/or life of a person is in danger.
2. Property and/or the environment could be damaged, lost or destroyed.
3. The repair, monitoring, or use of a vehicle, generator, compressor, or fuel system is essential to the preservation of human life and/or property.

An emergency will be declared by a UNIVERSITY PLACE representative or designee.

D. "In-Service" shall mean the set-up of new or refurbished equipment and/or components. The in-service of new vehicles shall include numbering; application of decals; licensing; and entry of information into the Fleet Information System.

E. "Maintenance and Repair" shall mean those services performed for the proper refurbishment or upkeep of vehicles for the purpose of sustaining proper function and value. Maintenance is divided into scheduled, unscheduled, and quick-fix.

1. "Scheduled Maintenance" shall mean the planned and prearranged service and repair of vehicles. Examples include the performance of a vehicle modification; repainting a vehicle; installing a vehicle air conditioner; and preventive maintenance.
2. "Unscheduled Maintenance" shall mean those services performed to remedy a vehicle breakdown or the sudden unexpected failure of a vehicle part which makes the vehicle or a part thereof inoperative, or the operation of the vehicle unsafe. Examples include the repair of a flat tire, and the charging of a discharged battery.
3. "Quick Fix Maintenance" shall mean the temporary repair of a vehicle component. A Quick-Fix is made to return a vehicle to immediate service, when UNIVERSITY PLACE does not want to take time to allow TACOMA the opportunity to diagnose and repair the true cause of the problem. Examples include installing a new battery when a vehicle will not start while a defective alternator is the source of the electrical problem.

F. "Modification" shall mean the alteration, addition to, adjustment or deletion of a vehicle's original physical equipment or structure.

G. "Out-Of-Service" shall refer to a vehicle on which the lease has been terminated, and the vehicle is in the custody of TACOMA Fleet Services.

H. "Parts and/or supplies" means those items used during the repair and maintenance of vehicles, or incorporated into the vehicle.

I. "Recommended Repair" shall refer to a diagnosed problem that does not immediately effect the function of a vehicle. The Recommended Repair would most likely be cost effective to increase the useful life of the vehicle, and prevent major repairs in the future.

J. "Red-lined" shall refer to a vehicle or equipment that can not be driven or operated until repairs are made.

K. "Restricted Service" shall refer to those vehicles or equipment that has been diagnosed with a problem that requires immediate attention. Examples include a problem that increases in severity with time and mileage, or a problem that will become a safety issue. This condition does not allow that unit to be operated for its intended use, but does allow the vehicle or equipment to be driven directly to a repair facility.

L. "Vehicle" shall have the same meaning as set forth in Section 46.04.320 RCW. In addition, the term "vehicle" shall include motorized construction equipment.

M. "Warranty," when used in the context of vehicles, parts, or equipment of vehicles, shall refer to the promises and guarantees made by the manufacturer or seller of such vehicle, part, or equipment.

II. GENERAL PROVISIONS

A. PURPOSE. The purpose of this Agreement is to set forth the terms and conditions by which TACOMA shall perform maintenance and repair services for UNIVERSITY PLACE, and UNIVERSITY PLACE will compensate TACOMA for such services. Services rendered by TACOMA may also include fleet fueling and operator training, as requested by UNIVERSITY PLACE.

B. TERM. The term of this Agreement shall be indefinite, and this Agreement shall continue from year to year until terminated by notice of termination, in writing, given by one party to the other. Notice of termination must be received sixty (60) days prior to the termination date.

F. PROPERTY. No property will be acquired or held pursuant to this Agreement.

G. FILING. A copy of this Agreement shall be filed with the Secretary of State, the City Clerks of UNIVERSITY PLACE and TACOMA, and the Pierce County Auditor; provided, however, that failure to file shall not affect the validity of this Agreement.

1. Except as provided herein, arrange towing service for UNIVERSITY PLACE. All towing services shall be performed by commercial towing firms, and not by TACOMA.
2. Perform pick-up and delivery of vehicles upon UNIVERSITY PLACE's request. With advanced scheduling TACOMA will perform delivery and pickup services, provided that the times of pick-up and delivery shall be mutually agreed upon; without advance notice, delivery or pick-up will be as TACOMA's staffing allows. 2. TACOMA will provide UNIVERSITY PLACE with a monthly schedule of those vehicles due for Preventative Maintenance.
3. Preventive maintenance shall consist of the maintenance and repair of major and minor vehicle equipment component functions. TACOMA shall exercise its best efforts to maintain all equipment or components subject to this Agreement to a level of performance equal to or exceeding the manufacturer's specifications for the equipment when originally purchased.

C. Unscheduled Maintenance

1. UNIVERSITY PLACE may arrange for unscheduled maintenance by telephone, radio, or by delivering vehicles to TACOMA facilities for unscheduled repairs.
2. TACOMA staff may be dispatched for repairs in the field. The dispatched mechanic will determine if the unit can be repaired in the field, or whether it will need to be transported into the shop. TACOMA will secure a tow truck if necessary. UNIVERSITY PLACE shall advise TACOMA at the time such field repairs are requested, if the estimated repair time will exceed fifteen minutes.
3. Turnaround time for unscheduled repairs will be as soon as possible. TACOMA will provide an estimated completion time as soon as the problem is diagnosed and parts availability determined.

D. Quick Fix Maintenance. At the request of UNIVERSITY PLACE, a non-safety related temporary repair of a vehicle may be performed. When quick fix maintenance is performed, UNIVERSITY PLACE will schedule the vehicle for permanent repair.
